Reviewer’s report

Title: Combining value of information analysis and ethical argumentation in decisions on participation of vulnerable patients in clinical research

Version: 0 Date: 22 Nov 2017

Reviewer: Ramesh Aacharya

Reviewer’s report:

Excellent debate on research ethics and is well substantiated with references.

1) Needs English language corrections preferably by a native speaker. Correction has to start from the title itself. For example - 'form' to be replaced by 'from' (\? typo error). Avoid full stop in the middle of the title.

2) Avoid references in the 'conclusions'. The references quoted in the conclusions can be accommodated in the main text (discussion).
