Title: Practicing evidence based medicine at the bedside: a randomized controlled pilot study in undergraduate medical students assessing the practicality of tablets, smartphones, and computers in everyday clinical life

Version: 4 Date: 25 August 2014

Reviewer: Paul George

Reviewer's report:

I would recommend the authors rethink the title (using "everyday life") seems in appropriate; otherwise the paper is much improved from previous.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: Yes, and I have assessed the statistics in my report.
