Reviewer's report

**Title:** Understanding older women's decision making and coping in the context of breast cancer treatment.

**Version:** 3  **Date:** 20 April 2015

**Reviewer:** Karen Sepucha

**Reviewer's report:**

The authors did carefully review and respond to my concerns and those of the other reviewers. The revisions have strengthened the manuscript and some of the limitations of the study and analysis are clarified for readers.

**Level of interest:** An article of importance in its field

**Quality of written English:** Acceptable

**Statistical review:** No, the manuscript does not need to be seen by a statistician.

**Declaration of competing interests:**

Dr. Sepucha receives salary support as a Medical Editor from the Informed Medical Decisions Foundation, which is now a part of Healthwise, a not-for-profit foundation that develops and distributes patient education and decision support materials.
