Reviewer’s report

Title: Beyond pros and cons – Developing a patient decision aid to cultivate dialog to build relationships: Insights from a qualitative study and decision aid development

Version: 1 Date: 13 Aug 2019

Reviewer: Yew Kong Lee

Reviewer's report:

The authors have adequately addressed all comments raised by reviewers. The authors have expanded the paper to also cover Phases 2-4 in more detail. This was the main point raised by both reviewers. The readers now have a better picture of the whole process of development and testing of the MyDiabetes website.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

Not relevant to this manuscript

Quality of written English
