Reviewer’s report

Title: A scoping review of augmented reality in nursing

Version: 1 Date: 17 Oct 2018

Reviewer: Hongen Liao

Reviewer's report:

(1) In this paper, the author need to add some contents about the integration of augmented reality/ virtual reality with other technologies for nursing. Because the nursing commonly need the combination of augmented reality/ virtual reality with other technologies, for example

(2) Different implementation technology of augmented reality has different advantages and disadvantages. Therefore, the author need to add some contents about the comparison of different implementation technology of augmented reality in nursing.

(3) In the discussion part, the author conclude that future publications should focus on performing long-term evaluations to take framing conditions and the long-term consequences of AR use into account. However, the technical Improvement of augmented reality isn't mentioned.

(4) The author can refer some review papers about the augmented reality applications in different fields to better organize the structure and content about the augmented reality in nursing. For example:

(5) There are many forms of AR. In addition to the technologies mentioned in this paper, naked-eye 3D AR is also a research hotspot, such as:

There are some grammatical errors and typos exist in this paper.

**Are the methods appropriate and well described?**
If not, please specify what is required in your comments to the authors.

Yes

**Does the work include the necessary controls?**
If not, please specify which controls are required in your comments to the authors.

Yes

**Are the conclusions drawn adequately supported by the data shown?**
If not, please explain in your comments to the authors.

No

**Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?**
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I recommend additional statistical review

**Quality of written English**
Please indicate the quality of language in the manuscript:

Needs some language corrections before being published

**Declaration of competing interests**
Please complete a declaration of competing interests, considering the following questions:

1. Have you in the past five years received reimbursements, fees, funding, or salary from an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

2. Do you hold any stocks or shares in an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

3. Do you hold or are you currently applying for any patents relating to the content of the manuscript?

4. Have you received reimbursements, fees, funding, or salary from an organization that holds or has applied for patents relating to the content of the manuscript?

5. Do you have any other financial competing interests?
6. Do you have any non-financial competing interests in relation to this paper?

If you can answer no to all of the above, write 'I declare that I have no competing interests' below. If your reply is yes to any, please give details below.

I declare that I have no competing interests.
