Reviewer’s report

Title: On-site clinical mentoring as a maternal and new-born care quality improvement method: Evidence from a nurse cohort study in Nepal

Version: 0 Date: 19 May 2019

Reviewer: Nabirye Chalo

Reviewer's report:

I commend the authors for writing a clear manuscript with no major grammatical errors.

However, The Title: "On-site clinical mentoring............". I feel this title should be changed to "On-site training ......" since in the methodology, the nurses were trained and assessed using case scenarios and simulation models and not in the real practical world except for a few cases.

Are the methods appropriate and well described?  
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?  
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?  
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?  
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I recommend additional statistical review
