Reviewer's report

Title: Duration of CQI participation: a key factor explaining improvement in delivery of Type 2 diabetes services to Aboriginal and Torres Strait Islander communities

Version: 4 Date: 7 October 2014

Reviewer: Rosa Gini

Reviewer's report:

The authors have addressed the issues raised in the previous revisions, and weakened the conclusions where they were not meeting the study design. The paper is very interesting and I recommend publication in BMC HSR

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
