Title: Using diffusion of innovation theory to understand the factors impacting patients’ acceptance and usage of consumer e-health innovations: a case study in a primary care clinic

Version: 7 Date: 30 December 2014

Reviewer: Josianne Marsan

Reviewer’s report:

I think the quality of the manuscript is sufficient for publication in BMC Health Services Research. However it needs some language corrections.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.
