Reviewer's report

Title: Consensus building to improve the physical health of people with severe mental illness: A qualitative outcome mapping study

Version: 4 Date: 22 November 2014

Reviewer: Syed Usman Hamdani

Reviewer's report:

1. Discretionary revisions: The authors may want to include very brief review of the literature and the statement of problem from local and global perspective. Although the later has been touched upon but can be made further crisp.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
