Reviewer's report

Title: A first country-wide review of Diabetes Mellitus care in Bhutan: time to do better

Version: 2 
Date: 10 August 2015

Reviewer: Keiko Asao

Reviewer's report:

The authors clarified many questions that I had, and I learned a lot about diabetes management in Bhutan. This manuscript presents valuable information useful for the future planning to improve diabetes management in Bhutan. It will be also helpful for other countries that have similar problems. I do not have further comments.

Level of interest: An article of outstanding merit and interest in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I have no competing interests to review this manuscript.
