Reviewer's report

Title: Why do older people with multi-morbidity experience unplanned hospital admissions from the community: a root cause analysis.

Version: 2 Date: 6 September 2015

Reviewer: Anne-Marie Hill

Reviewer's report:

Suggest have less key words.

Authors have addressed original reviewer comments satisfactorily – flow charts appropriate for presenting data. I don't have any further comments.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
