Reviewer’s report

Title: Readmission rates in non-profit vs. proprietary hospitals before and after the Hospital Readmission Reduction Program Implementation

Version: 1 Date: 24 Aug 2017

Reviewer: Jennifer Albrecht

Reviewer's report:

The author's revisions have significantly improved this manuscript and have adequately addressed my comments.

However, there are still grammatical errors and run-on sentences that need to be corrected. The authors should carefully read the text after changes have been accepted or have someone else proof-read it.

Finally, the reviewer would like to remind the authors that ALL changes to the original document should be tracked. In reviewing both copies of the document, it was clear that the authors had made some corrections with track-changes turned off.
