Reviewer’s report

Title: Health services in Trinidad: throughput, throughput challenges, and the impact of a throughput intervention on overcrowding in a public health institution

Version: 1 Date: 08 Oct 2017

Reviewer: Edward Nketiah-Amponsah

Reviewer's report:

Dear Editor,

Many thanks for the opportunity to have a second look at the manuscript. The manuscript has fairly improved following the incorporation of the suggestions raised in the previous report. Also, the authors have clearly stated the limitations of the study/data. However, the abstract especially the 'background' needs some language editing to ensure clarity. I recommend publication of the revised manuscript.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.
Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.
Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.
Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.
