Title: Sustainability in Health care by Allocating Resources Effectively (SHARE) 8: developing, implementing and evaluating an Evidence Dissemination Service in a local healthcare setting

Version: 0 Date: 22 Sep 2017

Reviewer: Karen Grimmer

Reviewer's report:

This paper contains information of value to evidence implementers, but it is very difficult to read. I had to make several attempts to get to the end and hold everything in it in my head. I have recommended that you simplify the writing style and ensure that readers who aren't erudite theorists can understand what you are reporting.
