Reviewer's report:

My main concern regarding this paper was whether it constituted a unique contribution to scientific knowledge, and noted that this was ultimately at the discretion of the editors. The authors have demonstrated that the publishers - if not the editors of this specific journal - have deemed similar work to be worthy of publication.

Are the methods appropriate and well described?  
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?  
If not, please specify which controls are required in your comments to the authors.
