Reviewer’s report

Title: Long-term corticosteroid use and dietary advice: A qualitative analysis of the difficulties encountered by patients

Version: 1 Date: 21 Feb 2018

Reviewer: Sehim Kutlay

Reviewer's report:

There are a lot of references especially in the introduction. For example: 6-27.

I think that there should be a paragraph about the verbatim qualitative analysis in the method section.

I could not see where are the figures 2, 3, 4 etc in the text.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Unable to assess

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.
