Reviewer’s report

Title: Estimating the cost-effectiveness of salt reformulation and increasing access to leisure centres in England, with PRIMEtime CE model validation using the AdViSHE tool.

Version: 1 Date: 10 Jun 2019

Reviewer: Lennert Veerman

Reviewer's report:

You have responded well to my comments and although I still think it is odd to exclude the value of health from return on investment calculations, the approach taken is well considered and argued. Congratulations on this very interesting paper.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics
