Reviewer’s report

Title: Impact of the Dementia Care in Hospitals Program on Acute Hospital Staff Satisfaction

Version: 0 Date: 08 Jan 2019

Reviewer: isamme alfayyad

Reviewer's report:

Given the growing interest in and recognition of training programs, training courses become an opportunity to provide clinical and non-clinical workers with extensive and practical clinical experience. A training course is an essential item of medical education and a crucial opportunity to clinical and non-clinical workers with excellent evidence-based experience.

I found this article interesting and informative.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

No

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics
