Title: Exploring effectiveness of different health financing mechanisms in Nigeria; what needs to change and how can it happen?

Version: 2 Date: 17 Aug 2019

Reviewer's report:

I recently reviewed the attached manuscript and made a few recommendations which required authors' attention. Authors' have since revised the manuscript and described the changes made in a letter. My original points raised have largely been well addressed. However, there are still minor issues which need attention:

I suggest that the title of the article be revised again. Since the study is an exploratory one, I recommend that the 'Examining' be replaced with 'Exploring' to read "Exploring effectiveness of different health financing mechanisms in Nigeria; what needs to change and how can it happen?"

The paper still require proofreading, as there are sentence construction issues that need attention.
