Reviewer’s report

Title: Social prescribing for people with mental health needs living in disadvantaged communities: The Life Rooms model

Version: 0 Date: 12 Nov 2019

Reviewer: Geir V Berg

Reviewer's report:

Thank you for inviting me to review this manuscript. The issues addressed in this paper is important and highly relevant. The paper is well written and an overall impression is that it holds scientific quality. However some aspects may be revised. 1. Formulate the aim and research question more explicit in the abstract and background. 2. Method, please describe the analytical process more detailed. 3. Describe and discuss the conduction of the focus group interviews, as there are several critical aspects regarding how such interviews are conducted.

Are the methods appropriate and well described? 
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls? 
If not, please specify which controls are required in your comments to the authors.

Unable to assess

Are the conclusions drawn adequately supported by the data shown? 
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review? 
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

Not relevant to this manuscript
