Title: Level of Male Involvement and Associated Factors in Family Planning Services Utilization among Married Men in Debremarkos town, Northwest Ethiopia

Version: 1 Date: 18 October 2014

Reviewer: Svjetlana Lozo

Reviewer's report:

Minor revisions: Table 5 -- assure that AGREE DISAGREE NEUTRAL all in the same order. There are lines that start with DISAGREE and others that start with AGREE...please unify this

Well organized.

In the recommendations, I would emphasize lack of knowledge about vasectomy and long term male contraceptive methods.

I understand cultural barriers but feel that with proper education we can make progress.

Discretionary Revisions:
Lines 53-56, we do not necessary need to see exact calculations

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.
