Reviewer's report

Title: Does the Stockholm Syndrome Affect Female Sex Workers? The Case for a "Sonagachi Syndrome"

Version: 2 Date: 03 Jan 2018

Reviewer: Chen Zhang

Reviewer's report:

Authors have addressed my previous comments and improved this manuscript. It is an important topic for the public to understand certain behaviors/psychological status among female sex workers suffer sex trafficking. If authors can discuss more on practical implications (e.g., intervention strategies in details in both India or similar settings), it would be great.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.
