Reviewer's report

Title: Immunity and clinical efficacy of an inactivated enterovirus 71 vaccine in healthy Chinese children: a report of further observations

Version: 6 Date: 31 July 2015

Reviewer: rogier van doorn

Reviewer's report:

The authors have addressed all my comments in a satisfactory manner
One last minor issue is that I cannot read the legends in figure 4, but this can be addressed by submitting a higher resolution image.
I congratulate the authors on their work.

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
