Reviewer’s report

Title: The cost determinants of routine infant immunization services: a meta-regression analysis of six country studies

Version: 1 Date: 17 Aug 2017

Reviewer: Akira Vehtari

Reviewer's report:

The authors have responded to my comments well, they have made the necessary edits to the manuscript, and the description of the statistical analysis part is now good.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Unable to assess

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics

Quality of written English
Please indicate the quality of language in the manuscript:
