Reviewer’s report

Title: The potential impact of Brexit and Immigration policies on the GP workforce in England: a cross sectional observational study of GP qualification region and the characteristics of the areas and population they served in September 2016

Version: 0 Date: 13 Jul 2017

Reviewer: Elisabeth Paice

Reviewer's report:

This is an excellent and important paper, pulling together data that demonstrate the negative impact that impeding medical migration into the country will have on primary care capacity in already deprived areas. The methods used are sound, drawing on existing high quality data. The writing is clear and succinct. The arguments well made and compelling. I have nothing to suggest to improve this important paper.

Are the methods appropriate and well described?  
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?  
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?  
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?  
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics.
