Title: Microbiology Investigation Criteria for Reporting Objectively (MICRO): a framework for the reporting and interpretation of clinical microbiology data

Version: 1 Date: 09 Jan 2019

Reviewer: Michihiko Goto

Reviewer's report:

I believe authors responded reasonably to my comments and suggestions. However, I would like to know the outcome of their discussion with EQUATOR network regarding the position of this framework (whether this can be a formal extension of CONSORT or STROBE), before making formal recommendation for acceptance.

Are the methods appropriate and well described?  
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?  
If not, please specify which controls are required in your comments to the authors.

Not applicable

Are the conclusions drawn adequately supported by the data shown?  
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?  
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.
