Reviewer’s report

Title: Does LDL-cholesterol Induce Inflammation? If So, Does It Matter? Current Insights and Future Perspectives for Novel Therapies

Version: 0 Date: 04 Jul 2019

Reviewer: Roland Klingenberg

Reviewer's report:

MS BMED-D-19-01086 constitutes an insightful Opinion Article on the interplay between LDL-cholesterol and inflammation in atherosclerosis and the potential for future treatment options in CVD.

Minor aspects with respect to wording:

Be consistent throughout ms writing "IL-1β"

Pg 7, ln 34: Correct sentence to read "Canakinumab administration resulted in MACE reduction."

Pg 9, ln 29: Correct sentence to read "Elevated levels of IL-1β are responsible for the clinical manifestation of familial Mediterranean fever and cryopyrin-associated periodic syndromes."

Quality of written English
