Reviewer’s report

Title: Vaccinating children against influenza: overall cost-effective with potential for undesirable outcomes

Version: 1  Date: 25 Jul 2019

Reviewer: Theresa Shireman

Reviewer's report:

The authors have made most of the changes to the manuscript as I suggested, though it was not quite shortened as much as I suggested. I do think they continue to over-emphasize the negative findings and some of their assumptions seem questionable, but these points have been raised eloquently by the other two reviewers.
