Reviewer's report

Title: Diagnostic biases in translational bioinformatics

Version: 2 Date: 20 June 2015

Reviewer: Isabel Nepomuceno-Chamorro

Reviewer's report:

I appreciate the work done by the authors. Previous suggested modifications are well done. Furthermore, the added subsection called SVM classifier parameterization is very helpful for the reading of this work.

Level of interest: An article of outstanding merit and interest in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
