Title: Significant Random Signatures Reveals New Biomarker for Breast Cancer

Version: 1 Date: 30 Sep 2019

Reviewer: Xiang Chen

Reviewer's report:

The authors revised the manuscript as required, adding some statistical tests and related codes. But the use of this code is not described in detail, such as providing the "preprocessed-data.Rda" mentioned in the code, which would be easier to evaluate. If the authors provide these data and the results of the execution of these data are consistent with the manuscript, we consider the manuscript acceptable.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Unable to assess

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics
