Title: Perceived Stress, Unhealthy Eating Behaviors, and Severe Obesity in Low-Income Women

Version: 0 Date: 10 Aug 2015

Reviewer’s report:

My only concern with this manuscript was that many of the references used were more than 10 years old, which perhaps may not reflect current research or perceptions on the topic. Was it a case of no new research had been done in a particular area or that the particular subject had not been updated with new research findings. In any case, authors may want to update a number of references.
