Reviewer’s report

Title: Predictors of overweight/obesity in a Brazilian cohort after 13 years of follow-up

Version: 0 Date: 11 Sep 2017

Reviewer: Federica Fogacci

Reviewer's report:

The paper written by Souza and collaborators is original and interesting. The present work sounds: the experimental protocol seems to have been well executed and the analytical procedures were correctly conducted. However, the manuscript is advised to revised by an English native Speaker or a person with good written English to correct typing errors. Furthermore, table 2 should be divided into two parts to be more readable. In the same way, also Figure 1 should be split in two.
