Reviewer's report

Title: Validation and reproducibility of a new iodine specific food frequency questionnaire for assessing iodine intake in Norwegian pregnant women

Version: 1 Date: 06 Sep 2019

Reviewer: gothainayagi arumugam

Reviewer's report:

Line 134: sentence could be revised accordingly to the response which you have mentioned for my review comment of the line 125 (i.e. Data from the I-FFQ were available from 124 participants, food diary 134 participants and UIC 134 participants - modify accordingly like this). As the earlier sentence of 124, 134 & 134 participants will not make clear understanding.

Line 227: Clarify the meaning of pending the visit in gestational week 19. Change of visits to visit is okay but the sentence is incomplete or missing, clarify it.
