Reviewer’s report

Title: Association between egg consumption and elevated fasting glucose prevalence in relation to dietary patterns in selected group of Polish adults

Version: 2 Date: 23 Nov 2019

Reviewer: Lidia Wadolowska

Reviewer's report:

I recommend improving conclusions (both in the abstract and main text) to give more clear information to readers.

Level of interest
Please indicate how interesting you found the manuscript:

An article of importance in its field

Quality of written English
Please indicate the quality of language in the manuscript:
