Reviewer’s report

Title: Very Low-Level Prenatal Mercury Exposure and Behaviors in Children: The HOME Study

Version: 1 Date: 02 Dec 2018

Reviewer: Christoph van Thriel

Reviewer's report:

In the revised version the authors improved the quality of the manuscript. All previous comments were addressed carefully and many paragraphs were rephrased. Thereby, the shortcomings that I saw in the initial submission could be cleared. I recommend the publication of the revised manuscript in Environmental Health.

Level of interest
Please indicate how interesting you found the manuscript:

An article of importance in its field

Quality of written English
Please indicate the quality of language in the manuscript:

Declaration of competing interests
Please complete a declaration of competing interests, considering the following questions:

1. Have you in the past five years received reimbursements, fees, funding, or salary from an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

2. Do you hold any stocks or shares in an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

3. Do you hold or are you currently applying for any patents relating to the content of the manuscript?

4. Have you received reimbursements, fees, funding, or salary from an organization that holds or has applied for patents relating to the content of the manuscript?

5. Do you have any other financial competing interests?

6. Do you have any non-financial competing interests in relation to this paper?
If you can answer no to all of the above, write 'I declare that I have no competing interests' below. If your reply is yes to any, please give details below.

I declare that I have no competing interests.
