Version: 0 Date: 28 Oct 2018

Reviewer: Waseem Khan

Reviewer’s report:

The topic is important and describe interesting and important study on the health effects (fetal growth) from magnetic fields emitted by daily Household electronic appliances. These appliances are commonly increasing in modern world and needs studies on the possible health impact on humans, especially when exposure is chronic. The study presented in the manuscript is well written, designed and performed. The analysis of results is very detailed. I have only minor correction.

Abstract row 31: "measurement of FM exposure", please correct "MF exposure".
