Reviewer’s report

Title: Non physician clinicians within a managed clinical network may be an effective way to improve child health in Malawi

Version: 2 Date: 9 June 2015

Reviewer: Patricia Riley

Reviewer’s report:

The authors have addressed the issues raised in the initial peer-review; however, there was minimal discussion regarding:
1) the authors’ process for obtaining local ethical board review and approval
2) interface of the proposed MCN network with existing MCH services - in which routine childhood preventive health services are offered.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
