Reviewer's report:

Emerging Roles and Competencies of District and Sub-district Pharmacists: a Case Study from Cape Town (Submitted to Human Resources for Health) - Review of Revised Manuscript

The authors have appropriately addressed my original comments in their revised manuscript. The additional information provides better explanation of the background and methodology. A number of small grammatical errors remain in the manuscript, to be resolved during editing.

I have no further recommendations for revisions.

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.
