Reviewer’s report

Title: Managing intra-EU mobility - do WHO principles of ethical recruitment have relevance?

Version: 0 Date: 21 Mar 2017

Reviewer: Jessica Power

Reviewer’s report:

Overall a strong article exploring the view from experts on EU HRH migration and potential strategies.

Suggestions

Methods - to move the footnote from the table describing the voting procedure to the main methods text section. As this voting informed the highlighting within the results section may be better to clearly state in methods how this was done.

Results - As mentioned in limitations the voting was widely spread. Perhaps further discussion of the medium/lower scored areas and how they interrelate - for example in circular mobility the talk of institution links and training (cooperation in the field of graduate and post graduate training) was discussed which tied together well.
