Title: The implication of the shortage of health workforce specialist on Universal Health Coverage in Kenya

Version: 1 Date: 07 Mar 2017

Reviewer: Timothy M. Dall

Reviewer's report:

The authors have addressed most of the reviewer comments. My primary concern is that this manuscript needs a good editor to go through the document and make it more readable. Throughout the document there are numerous sentences that are worded awkwardly or can be abbreviated. The table formatting needs to be fixed. For example, in Table 1 Some column headings are capitalized while other column headings are not. The "#DIV/0" needs to be removed. It's unclear why some cells are highlighted in yellow (and why yellow?). In all, the content of the manuscript is fine, but the presentation can be improved.
