Reviewer’s report

Title: An analysis of the global pharmacy workforce capacity trends from 2006 to 2012

Version: 1 Date: 29 Oct 2017

Reviewer: Vera Lucia Luiza

Reviewer’s report:

Previous suggestions have been included and only minor points are now needed to be addressed.

The objective presented in the Abstract should be compatible with the one presented in Introduction. I prefer as it is phrased in the abstract. It sounds to me a kind of weird to to a study "to recognize" something.

Illustrations must be understandable by themselves. Authors should better to improve illustrations and in the Results sections to point out the most important findings.

Please, minimize the presentations of results in the Discussion section.
