Reviewer’s report

Title: Factors influencing turnover intention among primary care doctors: a cross-sectional study in Chongqing, China

Version: 1 Date: 06 Sep 2017

Reviewer: Orvill Adams

Reviewer’s report:

I believe that a graph addressing regional/urban and rural comparisons clearer.

In many countries doctors use primary care as a step to specialty practice. Depending on the model of medical education in some countries new doctors have an obligation to work in primary care. Can more be said about this?

Editing will make the paper more readable.
