Reviewer’s report:

Excellent paper. Thank you for allowing me to review your writing. I have embedded a few online resources within the attached pdf.

A few general points (in no particular order but numbered for clarity):

1. Consistently apply Oxford commas.
2. Review the punctuation required for bulleted and numbered lists and be consistent with their application.
3. Ensure your verb tense is consistent in a paragraph.
4. There is a difference between the use of that and which.
5. You mentioned coding in the data extraction. Can you please add more detail related to the software package used (if any)?
6. Avoid the use of scare quotes.
7. Table 5 contains important information but it is difficult to navigate.
