Title: Stakeholders' perceptions of policy options to support the integration of community health workers in health systems

Version: 1 Date: 22 Nov 2018

Reviewer's report:

Dear Authors,

First of all many thanks for considering our inputs as reviewers. Certainly it helped to improve your paper.

There are minor typo errors (for example, use of were instead of where) and thus would recommend a fresh look to resolve these minor errors.

The methods section of your abstract, which is excessively summarized, requires some more informations for readers to be clear particularly about how data was collected and analysed (your second statement starts with "Participants used a Likert scale..." which leaves many questions for readers... )

Many thanks and kind regards
