Title: Never again? Challenges in transforming the health workforce landscape in post-Ebola West Africa

Version: 0 Date: 15 Oct 2018

Reviewer: Dorcus Kiwanuka

Reviewer’s report:

This is a well written manuscript on very important aspects of human resources for health i.e. costs related to increase numbers and fiscal space without forgetting the rural and urban distribution.

On page 9, line 18-25, an explanation on why these assumptions were used for the modelling could be useful for the reader.

There is a typo on page 18, line 32.
