Title: Patient Satisfaction with Physician Assistant/Associate Care: An International Scoping Review

Version: 2 Date: 09 Sep 2019

Reviewer: Edward Timmons

Reviewer's report:

I think the authors miss my point– changes in scope of practice have the potential to impact self-reported satisfaction. What the PA is permitted to do has to have an effect. The authors get into this a bit on p.16, but if the authors can't address this in the paper I think it needs to be listed as a limitation at the very least.
