Title: Medical training for universal health coverage: a review of Cuba – South Africa collaboration

Version: 2 Date: 21 Aug 2019

Reviewer: Naoki Ikegami

Reviewer’s report:

I have only two comment to make. The first is to delete the Cumulative Activity to 31 March 2019 Columns in Table 2. The figures cannot be compared across the countries. Second, add another column on the total numbers of doctors in each country. They can be calculated from the Doctors/10000. The year would not necessary match but they would give some information on the relative ratio of Cuban doctors. The manuscript text should be revised to reflect these changes in Table 2.
