Reviewer's report

Title: The research-policy-deliberation nexus: a case study approach

Version: 1 Date: 30 Jun 2017

Reviewer: Lam van de Goor

Reviewer's report:

In general the (author's) reply sounds adequate.

Reading the revised Conclusions section, I wondered whether this section really was reworked as said in the reply, because it still is quite/too long for a conclusion section (as the second reviewer also mentioned) and still has a lot of references in it-making it more a prolonged discussion section. I think this should be adapted still.

Level of interest
Please indicate how interesting you found the manuscript:

An article whose findings are important to those with closely related research interests

Quality of written English
Please indicate the quality of language in the manuscript:

**Declaration of competing interests**
Please complete a declaration of competing interests, considering the following questions:

1. Have you in the past five years received reimbursements, fees, funding, or salary from an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

2. Do you hold any stocks or shares in an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

3. Do you hold or are you currently applying for any patents relating to the content of the manuscript?

4. Have you received reimbursements, fees, funding, or salary from an organization that holds or has applied for patents relating to the content of the manuscript?

5. Do you have any other financial competing interests?

6. Do you have any non-financial competing interests in relation to this paper?

If you can answer no to all of the above, write 'I declare that I have no competing interests' below. If your reply is yes to any, please give details below.

none
