Title: Towards fair and effective North-South collaboration: realising a programme for demand driven and locally-led research

Version: 0 Date: 18 Jun 2017

Reviewer: Vic Neufeld

Reviewer's report:

Although the story of the Dutch-Ghana collaboration is a few years old, it is still an important account.

So I am pleased to see that it has been submitted for publication.

I appreciate the candor and honesty that appears in the account, including the times when there were difficult conversations, particularly between the Science Councils and the proponents of a "demand-driven, locally-led" approach
