Title: An awareness-raising framework for global health networks: Lessons learned from a qualitative case study in Respectful Maternity Care

Version: 2  Date: 21 Nov 2018

Reviewer: Hans Peter Schmitz

Reviewer's report:

Many thanks for the careful consideration of reviewer comments to the initial submission.

My only minor suggestion now os to revise the very first sentence of the conclusions (p. 30, line 633). It reads: "The results of this case study build on the work of the three resources..." Since the 'work' was done by individuals generating the resources, it reads a bit awkward as is.

It may be useful to slightly revise to say: "This case study has drawn on three resources to develop a new awareness-raising framework......"
